Is there anything specific that can be improved upon? None

DJ was very knowledgeable and experienced about anniversary type events. He asked pertinent questions prior to event and worked with me to acquire the music that the honorees wanted to hear played at the party. DJ also went over planning on the day of the event to ensure that the coordinators knew what to expect and offered insightful suggestions; keeping the volume level low during meal so that conversations between participants were not interrupted and playing background music during the program announcements. Pleasure to work with a professional who showed not only attention to detail but also lended his valuable input and experience to this memorable event.
