Is there anything specific that can be improved upon?

Everything was amazing. The difficulty with the ceremony set -up was unforeseen and I wish I could have prevented it for your company. I blame the venue more than anything as I had informed them that the DJ would be doing the beach ceremony and they made no indications that electricity and equipment signal would have been problematic. Jason has done multiple events for our family and every time he does an amazing job. For our wedding, he went above and beyond. I contacted Jason for possible referrals in the North Carolina area and he offered his services. He made the long drive to Oak Island, NC for us!!! It was great to have a familiar face and going into the day, it made my stress significantly less because he was well prepared and had prepared me and my wedding party!
